## THE RED CROSS is making an appeal for more funds.

How much? \$15,000,000.

Why? To finish the job. The killing, wounding, and destroying armies quit business November 11 last year.

The mercy army may have had some vague notion of also stopping, but it was the case over again of the man that caught the bear by the tail; think it out.

It is easier to go into the mercy business than to quit; besides, who wants to quit anyway?

The mercy army had more to do the first three months after the armistice than for the three months before it.

More suffering and want was heard of one month after the armistice than for months before.

It's just this: It's not a new obligation we are undertaking. It's just the old and solemn obligation to keep faith with those who kept faith with us.

Are we going to fail? NOT MUCH!

We have enough money in the Chapter fund to meet the quota assigned. We want to retain the Home Service and Community Service as much as possible; therefore all you contribute saves that much for Chapter use.

Go and see Secretary Prince at the Development Company office, November 2 to 11, and see that smile when you state your business.

## Interest Evincing in Red Cross Activities

That the people of Carmel are still very much interested in Red Cross activities was shown by the large attendance at the annual meeting of the local chapter last Thursday afternoon. There were forty-two women and seven men present.

The financial report show a balance on hand of \$1631.19.

It is on this amount that the Pacific Division make our quota for the \$15,000,000 drive for funds. In view of the fact that the chapter, at the suggestion of headquarters, has made plans for community service, it was felt that the \$1200 quota was excessive. It was voted to devote \$450 of the local funds toward the drive, supplemented by whatever total amount is subscribed.

Mrs. E. K. de Sabla, chairman of the Civilian Relief Committee, reported that during the year nine families and three soldiers had been assisted.

Directors elected for a three year term are Mrs. L. W. Kip, Mrs. R. W. Hicks, Mrs. E. K. de Sabla, Mrs. E. A. Kluegel, and Peter Taylor.

## President Wilson's Red Cross Plea

Shortly before he became ill, President Wilson prepared an appeal to the American people to respond to the Third Red Cross Roll Call, November 2 to 11. It is as follows:

"As President of the United States and as President of the American Red Cross, I recommend and urge a generous response to the Third Red Cross Roll Call, which opens on November second with the observance of Red Cross Sunday and appropriately closes on November eleventh, the first anniversary of the signing of the Armistice.

"Twenty million adults joined the Red Cross during the war, prompted by a patriotic desire to render service to their country and to the cause for which the United States was engaged in the war. Our patriotism should stand the test of peace as well as the test of war, and it is an intelligently patriotic program which the Red Cross proposes, a continuance of service to our soldiers and sailors, who look to it for many things, and a transference to the problems of peace at home of the experience and methods which it acquired during the war.

"It is our membership more than money contribution that the stress of the present campaign is laid, for the Red Cross seeks to associate the people in welfare work throughout the land, especially in those communities where neither official nor unofficial provision has been made for adequate public health and social service.

"The American Red Cross does not propose indefinite prolongation of its relief work abroad, a policy which would lay an unjust burden upon our own people and tend to undermine the self-reliance of the peoples relieved, but there is a necessary work of completion to be performed before the American Red Cross can honorably withdraw from Europe. The Congress of the United States has imposed upon the Red Cross a continuing responsibility abroad by authorizing the Secretary of War to transfer to the American Red Cross such surplus army medical supplies and supplementary and dietary foodstuffs now in Europe as shall not be required by the Army, to be used by the Red Cross to relieve the distress which continues in certain countries of Europe as a result of the war.

"To finance these operations, to conclude work which was begun during the war, and to carry out some comparatively inexpensive constructive plans for assisting peoples in eastern Europe to develop their own welfare organizations, the American Red Cross requires, in addition to membership fees, a sum of money small in comparison with the gifts poured into its treasury by our generous people during the war.

"Both the greater enduring domestic program and the lesser temporary foreign program of the Red Cross deserve enthusiastic support, and I venture to hope that its peace-time membership will exceed rather than fall below its impressive war membership."

### Committee of Five to Present Plan for Forest Theatre

Considering that last Friday evening was stormy and rainy, and that people much preferred to remain by their firesides, it was gratifying indeed to have nearly two score persons present at the Arts and Crafts Hall meeting, called to consider plans for the Forest Theatre.

In a most thorough, fair and business-like manner Chairman T. M. Criley stated the purposes of the gathering—to unite the various Carmel dramatic organizations into a single incorporated body, to acquire all the property of the Forest Theatre by an arrangement with the present owner, and to make it the policy of the organization that all productions be, so far as possible, strictly community affairs—home plays, local producers and resident players.

Following a general discussion of the various phases of a big subject, a committee of five was appointed to present at a meeting in the near future a definite plan of action. The committee named is as follows: T. M. Criley, Mrs. M. E. Hand, D. W. Willard, W. P. Silva, and W. L. Overstreet.

The committee invites suggestions bearing upon any matters connect with the subject.

Under the provisions of a law enacted by the last Legislature, and by direction of County School Superintendent George Schulzberg, the Trustees of Sunset School District are directed to have made a register of all minors of school age residing within the district.

F. G. Williams has been appointed to gather data and prepare such a register, and will begin a house-to-house canvass shortly.

The district covers much ground, taking in not only this city, but a considerable territory north, east and south of the city, including Pebble Beach and vicinity.

This registration must not be confused with the Federal Census which begins in January.

On Saturday evening, October 18, at her Carmel Highlands home, The Three Corners, Mrs. Theodore Criley entertained in honor of Bonnie Hale, who is to be married to Mr. L. C. Gottfried of Portland, Oregon, next Tuesday.

Mrs. John N. Hilliard gave a tea in honor of Miss Hale on the 21st, and the many friends gathered there surprised the young lady with a linen shower.

Miss Eliot Boko also tendered a congratulatory tea on Thursday of last week.

Rev. E. Bayard Smith and his daughter, who have resided here for several weeks, are leaving this week for China.

#### Old Family Going Away

Carmel residents will learn with regret that the Machado family is preparing to remove to a ranch near Fresno. The head of the family now occupying the little house down near the old Mission was born there, fifty-six years ago.

About sixty years ago came the first Machado from the Azores to Carmel. Children, grand-children and great grand-children have been born in the little red house on the highway, and for many years the family have been caretakers of the mission church.

The land and house is the property of the Catholic Church, and it is said will shortly be occupied by several priests.

#### Silvering Mirrors.

There are several processes for silvering mirrors, the simplest of which, perhaps, is to provide a large flat stone table and spread upon it evenly a sheet of tinfoil without crease or blemish. This is covered uniformly to a depth of one-eighth inch with mercury. The plate of glass, perfectly cleansed of all grease and impurities, is floated in the mercury carefully so as to exclude air bubbles. It is then pressed down by loading with weights in order to press out the mercury which remains fluid. After about 24 hours it may be raised on its edge to harden, and should be finished in a few weeks. Another method involves the use of a solution made as follows: Mix one ounce nitrate of silver, three ounces water, one ounce liquid ammonia and three ounces spirits of wine. Filter after solution has stood three or four hours. To every ounce of the solution add one-fourth ounce sugar dissolved in equal quantities of water and alcohol. The surface to be silvered is covered with this liquid at a temperature of 160 degrees, maintained till the deposition of silver is complete. When dry, coated surface is covered with mastic varnish.

#### Novel Cure for Nerves.

I have a Philadelphia friend who was ordered by a famous neurological specialist to travel for a month on a limited express to cure him of nervousness. He took a stateroom and began. He was a man of extensive business interests, but as he could be reached by wire at a known point on the road at certain hours, coming or going, he kept in touch with his affairs without hindrance. It was a giddy life and the excitement effected a complete cure—except that the familiar counting room was thereafter too dull for endurance and a Tigan Band was installed that played the wildest Hungarian music from nine till three. To everybody but the boss the remedy was worse than the ailment.—Julius Chalmers in Brooklyn Eagle.

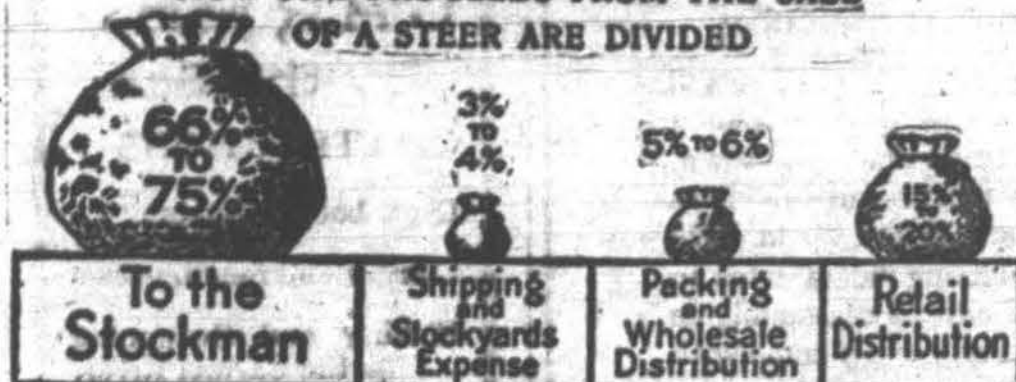

#### Gems Found in America.

Our own country is far from conspicuous as a producer of gems, but the upper Missouri river has yielded from its gravel bars large numbers of small, bright and beautiful sapphires. They are not big enough or dark enough to fetch high prices.

Nevertheless the finest green sapphire (oriental emerald) in the world was found in Macon county, N. C., and at last accounts was a feature of the collection of a citizen of Philadelphia—Clarence S. Benet. It is a transparent nodule of crystal, remarkably pure, and would yield in cutting a gem of 30 carats.

## HOW THE PROCEEDS FROM THE SALE OF A STEER ARE DIVIDED

Who gets the money that you pay the butcher for beef? This interesting diagram will help you to see. It is made up from figures secured by the Federal Department of Agriculture who followed a number of groups of steers through the packing plant and through the retail market up to the time the meat was in the hands of the ultimate consumer. The live animals were bought from the farmer; in addition to the meat there was, of course, the hide, visceral fat and other by-products. These were sold by the packer and this sum added to what the retail market man received for the meat gives the total proceeds. Out of this total amount the farmer received 66 to 75 per cent for the live animals. Three to 4 per cent were required to ship the live animals to market and to feed and care for them in the stock yards before they were slaughtered. The packer received 5 to 6 per cent of the total proceeds, and this covered the cost of slaughtering, refrigerating, shipping in refrigerator cars to the local branch houses, selling to the local butcher, and also profits. Fifteen to 20 per cent was received by the butcher, which comprised his selling cost plus his profits. The illustration indicates the proportions of these amounts by the relative sizes of the money bags.

## DWELL UNDERGROUND IN BREST-LITOVSK

### Jewish Relief Worker Finds His People Living in Holes in Polish Town.

New York.—Typical of the condition of Jewish communities throughout Poland and adjacent countries is the story of Brest-Litovsk, as recounted by Dr. Boris D. Bogen, executive director of Jewish relief work in Poland, in a report received recently at the headquarters of the American Jewish Relief Committee, 15 East Fortieth street, here.

The population of the town where a couple of years ago the Germans tried to dictate a "peace of violence" to the Russians is now reduced to about 25,000. Of this number 18,000 are Jews, writes Dr. Bogen. So complete was the war time destruction of the town that most of the people are forced to live in mere holes in the ground. There is a semblance of a hospital without windows, doors or means of heating, but no prevalent are typhus, tuberculosis and other diseases brought on by malnutrition that this institution, like all other Jewish hospitals in eastern Europe, is overwhelmed.

"The Jews of America," writes Dr. Bogen, "must take immediate steps to provide for the housing, clothing and feeding of the thousands of destitute Jews in eastern Europe. It will require considerable additional funds to re-equip the hospitals, old folks' homes and orphanages that the Jews have maintained throughout Poland to care for their sick and poor, but these institutions must be gotten into shape for the coming severe winter."

"The people are in a terrible condition everywhere, and in great need of the very necessities. Homes throughout this region are entirely destroyed for the most part. Refugees who months or years ago were evacuated from the cities are now returning. There is practically no work for them, however, and they are in direst need."

To provide the funds for remedying these terrible conditions, the American Jewish Relief Committee, under the chairmanship of Louis Marshall and the directorship of Henry H. Rosenfeld, is now engaged in conducting a series of state campaigns throughout the Union. The total amount estimated as necessary to finance the essential relief work for another year is \$35,000,000.

## Pacific Grove Lots To Be Sold at Auction

An announcement of unusual interest to the local people is made today to the effect that the Del Monte Properties Co. has authorized the sale at absolute unreserved auction sale of the remaining 300 unsold home sites in Pacific Grove. These lots will be sold separately to the highest bidder without reserve price or protection whatsoever.

The sale has been entrusted to the Chicago firm of Barry & Austin, who specialize in realty auctions throughout the United States. The sale will take place on Thursday, November 6, and will be conducted on the property under a mammoth tent. Exceptionally easy terms of payment are offered. Only 10 per cent of the highest bid is required on the day of sale, 15 per cent thirty days later, and 75 per cent may remain on contract for three years.

As a further inducement to encourage home building the Del Monte Properties Co. has agreed to accept Liberty Bonds at their par value.

This announcement will come as welcome news to the local people, as it provides an opportunity for a man of small means to own his own little home and thus eliminate the increased rentals which so many local people have been forced to pay on account of the shortage of small homes in this section. An illustrated book map containing full terms and conditions of the sale has been prepared and can be obtained at the auctioneers' office at 585 Ocean View Ave., Pacific Grove.

## "BUY NOW" IS HELD SLOGAN TO BILK PUBLIC

Helena, Mont.—Denouncing what it terms misleading "buy now propaganda" and affirming that investigations have disclosed excessive profits, the Montana Trade Commission today made public a detailed statement showing percentage of profit charged in the state.

The commission finds the margins of gross profit range from 34 per cent on groceries to 67 per cent on women's clothing and shoes, 59 per cent on men's clothing and shoes, 62 per cent on dry goods, 60 per cent on children's apparel and 62 per cent on bedding.

The commission disputes the widely circulated assertions that prices are certain to rise. "This propaganda should be ignored," it says, "as prices are bound to decline."

Hold on to your dollars. Put them in War Savings Stamps now. They will be worth more later.

## I'm Giving Them Both a Start

By C. C. BROWN

My little lad plays all the live-long day.

No pausing for rest needs he;  
And out on the air peals his laughter gay

As he chortles with childish glee.

My little lass plays, too; from morn till night

Although not so full of noise;  
But her face is beaming with smiles as bright

As she plays with her dolls and toys.

It seems only right, little lad and lass,

That your Daddy should do his part,  
And so as the days of your childhood pass,

I'm giving you both a start.

The time will come when this grim old world

Will turn you from play to work;  
Against life's real problems you will be hurried

With many a jolt and jerk.

Now you could spend each nickel and dime

For pleasure, and that is well;  
Alas, all too soon will come the time  
You must face old H. C. L.

So now, little lass, and now, little lad,

Your Daddy's saving for you,  
And it's with a feeling, half glad, half sad,  
He knows you must soon save too.

For the going is rough on the road of life,

And nothing to you I gave  
Would help you to win in the bitter strife  
Unless you, too, learn to save.

So Daddy is saving and in your name

War Savings Stamps is buying,  
And when you are older you'll find the game  
Of saving is well worth trying.

It seems only right, little lad and lass,

That your Daddy should do his part,  
And so as the days of your childhood pass,  
I'm giving you both a start.

Begin saving today.

## Carmel More Than Does Its Part

Be proud ye Carmelites who cherish the memory of Theodore Roosevelt. Your little city has exceeded its Roosevelt Memorial quota by nearly forty per cent.

The amount for the entire county was placed at \$1600. Carmel, with considerably less than one-sixteenth of the county's population, was put down for \$100. We came through with \$140.

Credit is due Miss Mary R. McDowell for her persistent and untiring efforts to reach and pass the goal. Only one who reveres the memory of T. R. would have daily plodded over the sandy stretches seeking out the broad and patriotic people who were willing to contribute toward financing a substantial memorial to an American whose greatness is eternal.

To those who contributed, thank you.

Since the above was written the time for the donation of funds has been extended. The Pine Cone will receive subscriptions.

On Thursday evening last the welcoming reception to Dr. S. D. Hutsiniller of the Carmel Church, under the auspices of the Woman's Auxiliary, passed off with great success. There was a good attendance, and Carmel responded to the invitation to make it community event. The following denominations were represented: Baptist, Methodist, Congregational, Catholic, Episcopal, Universalist, Christian Science, Presbyterian, and Home of Truth.

As the Woman's Auxiliary stands for friendly intercourse, it is proposed in the near future to have a series of three pleasant evenings, to which everyone shall be invited, and upon which occasions special entertainment shall be provided for the young people.

# TO THE PEOPLE OF CARMEL

**This is an announcement of unusual interest to you. Read it, and read it well**

With a view to encouraging home building to meet the ever increasing demand for small homes in this section the Del Monte Properties Co. has decided to offer to the local people any of the remaining 300 unsold lots in Pacific Grove at an absolutely unreserved auction sale and accept for the lots whatever price the people choose to pay.

This means that these well located and valuable home sites with improvements in and paid for, some of them overlooking the Bay of Monterey, valued at \$500 to \$750 each, will probably be selling as low as \$100 each or less, because there will be no reserve or upset price on any lot.

It was first decided to advertise this sale broadcast and bring in competitive bidders from San Francisco, Los Angeles, Fresno and other large cities. Later it was decided to conduct the sale locally and give the local people the opportunity to pick up these lots and let the local people reap the benefit of the low auction prices, that they may buy cheap and build or, in turn re-sell to the outsiders and make a profit.

This means that those of the local people who choose to buy for investment will be in a position to make good and quick profits because every year brings newcomers to Pacific Grove and many of them elect to stay and will want to buy lots and build homes.

Remember last summer how overcrowded, how congested the city was. Every local person knows that every house worthy of the name was rented at a good rental. Well then, it will be the same next summer and if at that time you own some of these lots surely you must see the opportunity you will have for making quick profits and should you decide to build a bungalow on your lots see what a splendid investment you will have.

If you buy a lot for \$100 all you have to pay is \$25 cash. You have three years in which to pay the balance of \$75. If you do this is it not reasonable to suppose that you can sell your lot to one of the many visitors next summer at \$200? Well then, that is making money. It is big money for the small investment you will make. The more lots you buy the more money you can make.

**It is the local people's opportunity**

**So take full advantage of it.**

**The sale takes place Thursday, Nov. 6**

**An illustrated book map containing full particulars, terms of sale, etc., will be sent you upon request. Send for one today.**

#### THE LIBERTY BELL.

**THIS** bell, the most treasured relic  
 in the nation, was cast by a Lon-  
 don bell founder, brought to America  
 in 1752 and hung in the dome of the  
 old state house in Philadelphia. It  
 weighs about 2,000 pounds.

It was cracked by a stroke of its  
 clapper while being tested and was  
 re-cast in Philadelphia in 1753. Again  
 it proved defective and again it was  
 re-cast. The words "Proclaim Liberty  
 Throughout All the Land Unto All the  
 Inhabitants Thereof" are inscribed up-  
 on it.

Before the British occupied Phil-  
 adelphia it was taken down and hid  
 in the Delaware river, being removed  
 later and returned to its former po-  
 sition.

It fulfilled the prophecy of its in-  
 scription when, in 1776 it rang out  
 the glad tidings that the 13 states had  
 ratified the Declaration of Independ-  
 ence.

For fifty years or more it rang in  
 the celebration of every national an-  
 niversary. On July 8, 1835, while  
 tolling for the funeral of Chief Justice  
 Marshall, it cracked again and has  
 been mute ever since.

So that all Americans might see  
 this venerable and hallowed relic, it  
 has been taken on many journeys. In  
 1884 it went to New Orleans, in 1893  
 to Chicago, in 1895 to Atlanta, in 1902  
 to Charleston, in 1903 to Boston, in  
 1904 to St. Louis, in 1915 to San Fran-  
 cisco, and more recently took part in  
 a Liberty loan parade in its home  
 town of Philadelphia.

It occupies a conspicuous position  
 in Independence hall, Philadelphia,  
 where visitors are welcomed.
